Operating segments considered in performance evaluation by the Group management are determined by considering the Group's risks and resources and internal reporting structure. The Group's operating segments are Kuşadası Port, Antalya Port, Bodrum Port, Port of Adria, Valetta Cruise Port and Creuers which are operated by Ege Liman, Ortadoğu Liman, Bodrum Liman, Port of Adria, Global BV and BPI, respectively. Other operations of the Group, which include Global Liman and Global Depolama, do not generate external revenues and therefore are presented to reconcile to the consolidated financial statements. #### 21 Employee benefits

Under Turkish Labor Law, the Group is required to pay termination benefits to each employee who has completed certain years of service and whose employment is terminated without due cause, who is called up for military service, dies or retires after completing 25 years of service and reaches the retirement age (58 for women and 60 for men)

The amount payable consists of one month's salary limited to a maximum of TL 3,828.37 for each period of service at 31 March 2016 (31 December 2015: TL 3,828.37).

Retirement pay liability is not subject to any kind of funding legally. Provision for retirement pay liability is calculated by estimating the present value of probable liability amount arising due to retirement of employees. IAS 19 *Employee Benefits* stipulates the development of company's liabilities by using actuarial valuation methods under defined benefit plans. In this direction, actuarial assumptions used in calculation of total liabilities are described as follows:

The principal assumption is that the maximum liability for each year of service will increase parallel with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation. Consequently, in the accompanying financial statements as at 31 March 2016 and 31 December 2015, the provision has been calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees.

#### (ii) Legal reserves

Under the Turkish Commercial Code, Turkish companies are required to set aside first and second level legal reserves out of their profits. First level legal reserves are set aside as up to 5% of the distributable income per the statutory accounts each year. The ceiling of the first level reserves is 20% of the paid-up share capital. The requirement to set aside ends when the 20% of the paid-up capital level has been reached. Second level legal reserves correspond to 10% of profit actually distributed after the deduction of the first legal reserves and the minimum obligatory dividend pay-out, but holding companies are not subject to this regulation. There is no ceiling for second level legal reserves and they are accumulated every year. First and second level legal reserves cannot be distributed until they exceed 50% of the capital, but the reserves can be used for offsetting the losses in case of running out of arbitrary reserves. As at 31 March 2016, the legal reserves of the Group amounted to TL 21,267,694 (31 December 2015: TL 21,705,317).

### (iii) Hedging reserve

#### c) Dividends

### 24 Commitment and contingencies

#### (a) Lawsuits

There are pending lawsuits that have been filed against or by the Group. The management of the Group assesses the possible results and financial effects of these lawsuits at the end of each period and as a result of these assessments, the required provisions are recognized for the possible expenses and liabilities. The amount of provision that has been accounted for as at 31 March 2016 is TL 189,658 (31 December 2015: TL 189,658).

The information related to the significant lawsuits that the Group is directly or indirectly a party to is as follows:

(i) Ege Liman was granted the operation right of Kuṣadası Port for a term of 30 years as of July 2003 by the Privatization Authority ("PA"). In October 2006, two former members of the Kuṣadası Municipal Council filed a lawsuit with the requesting the cancellation of those 'zoning plan and planning notes' of the Region of Kuṣadası, which enables the construction of the new Cruise Port Upper Structure Facilities. The relevant Chamber of the Council of State ordered the cancellation of the zoning plan and planning notes in November 2009. That decision was appealed by the lawyers of the Ministry of Public Works as well as the lawyers for the Group. However, the Plenary Session of Administrative Law Divisions, affirmed the decision of the Council of State. Following, the request for revision of the decision was denied by the Plenary Session of Administrative Law Divisions, and the file has been finalized.

While above mentioned appeal was pending, the Group lawyers filed a lawsuit for the cancellation of each and all administrative acts of the Kuşadası Municipality against Ege Liman including "termination of the occupancy and construction permit", "cease and desist order", "demolishment", "evacuation and demolishment" acts, based on the cancellation award of the Council of State.

TDİ specifically intervened the "evacuation" and "evacuation and demolishment" cases, and the court of first instance first issued the stay of execution; however, then the court dismissed the case. This judgment of the court was appealed by the Group and the TDİ, the Council of State decided to reverse the decision of the court of first instance in favor of Ege Liman. The Municipality applied for the revision of such decision, however such request was denied by the Council of State. Aydın 1st Administrative Court, in accordance with the reverse award of the Council of State, decided on 22 May 2015 for cancellation of "evacuation" and "demolishment and evacuation" acts of the Kuşadası Municipality. This judgment was appealed by the Municipality and the case is pending.

The Ministry of Public Works has approved the new zoning plan for Kuşadası on 28 October 2010 following cancellation of the Zoning Plan dated 2006 by the Council of State in 2009. However, there have been objections from the public during the announcement period.

The Ministry of Environment and Urbanization (former "the Ministry of Public Works") took some of the objections regarding the new zoning plan dated 28 October 2010 into account and approved the new amended zoning plan on 31 January 2011 on the grounds that;

- i) The "Master Plan" with 1/5.000 and "Implementation Plan" with 1/1.000 of Kuşadası Port, that have been approved on 28 October 2010 are in line with the 1/100.000 "Environment Plan" of Aydın-Muğla-Denizli, and
- ii) Kuşadası is an important cruise port that would become idle if the zoning plans are cancelled which could, in turn, have a negative effect on the Turkish economy. Moreover, Kuşadası Port complies with "Coastal Law" and "Regulations regarding the Implementation of Coastal Law".

### 24 Commitment and contingencies (continued)

### (a) Lawsuits (continued)

The Municipality filed a law case against the new zoning plan and the court has rendered a stay of execution decision with regard to the plan. Group lawyers' objection against the stay of execution was accepted by the Plenary Session of Administrative Law Divisions of the Council of State. However, the Council of State first rejected the plaintiff's stay of execution request and then examined the file and accepted such request on 15 October 2015. The Council of State decided on 26.11.2015, that "there are no grounds to make a judgment on a court file without a merit" based on the fact that a new zoning plan is issued for Ege Liman on 2015, as stated below.

Ministry of Environment and Urbanization has approved a brand new zoning plan, the plan has become known to public on 09 November 2015, and it received some objections from the local authorities in Kuşadası. The Ministry is now evaluating such objections.

(ii) The former owner of the shares of Torba filed a lawsuit against the Group for the restitution of the shares. The expert appointed by the local court submitted his report which was against the defendants. On 2 March 2010, the court decided to restore the shares to the former owners and the trustee, previously appointed by the Court on 4 January 2008, shall remain in charge until the final decision. The Group lawyers appealed the decision on 28 April 2010 upon the notification of the decision. The Court of Appeals has overruled the decision and the case has been tried in the court of first instance. The court has decided in favor of the former owners. The Group lawyers had appealed such decision however, the appeal court's final verdict has been against the Group. As a trustee was appointed to the management of Torba by the Court in January 2008, this subsidiary has been excluded from the scope of consolidation.

Global Yatırım Holding, the Company and Ege İhracatçı Birlikleri Liman Hizmetleri ve Taşımacılık A.Ş. filed a lawsuit against the Privatization Administration at İzmir 4th Commercial Court with respect to the İzmir Port Privatization tender for the granting of operating rights for a definite period claiming the plaintiffs should be granted a period of 6 months as a preliminary junction in order to enable them to perform their duties, and that the provisions of the agreement regarding duration and payment should be adjusted, and arguing that in case such adjustment request is not accepted then there should be termination of the agreement without any indemnification as well as release of the plaintiffs from their obligations and the return of their bid bonds. İzmir 4th Commercial Court denied the lawsuit on the ground that it was not the authorized court for the lawsuit but that decision of the court has been appealed.

The decision was approved by the Court of Appeals, and the Group lawyers requested a revision of the decision, which the court has rejected. The Group lawyers have commenced enforcement proceedings, which were objected by the Privatization Authority. Upon this, the Group lawyers have filed a lawsuit in Ankara 5th Commercial Court, but the court has denied the lawsuit on the basis that such lawsuit is subject to administrative law, and such decision has been finalized. Accordingly, the Group lawyers have filed a lawsuit before the administrative court, which was also denied based on the lack of subject matter jurisdiction. The file was sent to the Court of Conflicts, and the Court of Conflicts decided that the file should be tried by the ordinary courts and sent the file back to Ankara 5th Commercial Court. The file is pending. The Court decided that the file should receive an expert opinion and the expert reported in favor of the Group. Upon this, the defendant has objected to the expert report, and the new expertise was as well on behalf of the Group, however with lack of some information. The Group lawyers requested the revision of the expert report accordingly.

The employees of Bar Port in Montenegro have filed number of cases with the local courts for the purposes of their claims that are related to (i) the period (2011 - 2014) before the handover of the port to Global Ports on 30.12.2014 and (ii) alleged underpaid wages as of beginning of 2014. The cases are still pending.

### (a) Lawsuits (continued)

(iii) The Constitutional Court passed a decision on 6 June 2013 governing the cancellation of the phrase "...except for specific arrangements..." included in the Provisional Article 8 that has been added to the Law No: 4706 amending the contractual terms of agreements regarding easement rights or utilization rights concerning the immovable that are fully owned by the state or private properties of the Treasury, the terms of which are shorter than 49 years, to be extended to 49 years starting from the validity of the relevant agreements.

Ortadoğu Antalya Liman İşletmeleri A.Ş. ("Port Akdeniz"), Ege Liman İşletmeleri A.Ş. ("Ege Ports") and Bodrum Yolcu Limanı İşletmeleri A.Ş. ("Bodrum Cruise Port") filed their applications regarding extension of the operation periods of the ports in accordance with the cancellation decision of the Constitutional Court and the applicable legislation, to the relevant authorities.

However, each application was rejected by the authorities. Port Akdeniz, Ege Ports and Bodrum Cruise Port filed lawsuits at the competent administrative courts. The cases taken to the courts by Ege Liman and Port Akdeniz had been rejected and the Group lawyers appealed the rejection decisions and appeal is pending before the Council of State. On the other hand, Bodrum Cruise Port's objection was approved by the court and rejection decision of the Ministry of Transportation, Maritime Affairs and Communication had been cancelled in favor of Bodrum Cruise Port. The Ministry appealed the court of first instance's decision and the case is pending before the Council of State.
